1500lm @ 90+ CRI*
*From the source

DRIVER

12V 25W 0-10V DIMMABLE

STANDARD FINISHES

This product is marbled with inks, by hand. Each pattern is unique and not repeatable. The colour combination is repeatable, but limited to 20 pieces per colourway.

METAL SURFACE MAINTENANCE

This surface finish is delicate, however it is protected by a satin clear enamel coating.
Wear gloves when handling to avoid hand prints. Wipe dust with a dry cloth, or to remove stronger marks, a warm damp cloth. Dry immediately.

DRIVERS & DIMMING

LOST PROFILE products are supplied with 0-10V dimmable LED drivers.
PHASE & DALI Dimmable drivers are available for some regions, upon request.
The location of the driver needs to be considered, whether in a ceiling cavity, in a wall cavity, or ideally in an accessible electrical cabinet.

PRICING & LEAD TIMES

Please contact us or your nearest LOST PROFILE representative for current pricing and lead times.
